Have your say with clay!
from August 2016

British Ceramics Biennial & AirSpace Gallery COMMUNITY MAKER PROJECT Portland Street Inn – all welcome

2016 is the 2nd year of the 3-year Community Maker project, where we are experimenting with how clay can help a changing community come together and make a plan for the future.

Come along, to just one or all of the workshops detailed below, to make large your own clay pieces alongside your neighbours.

Your clay artworks will help the Community (and the Portland Street Community Group) decide the future of the Portland Inn.

What skills, commitment and resources we need to make a Community Space work and what kind of space is right for our area?

The workshops will be a good chance to have a play with clay, learn some new skills and make something beautiful.

Community Maker is part of a month-long series of events organised by the Portland Street Community Group, called The Portland Inn Development Project.
